AT a Time when FEVERS and COLDS, attended with SORE THROATS, particularly of the putrid or malignant Kind, are so very frequent, and prove fatal to such Numbers, it is much to be lamented that

Dr. NORRIS's DROPS,

an almost infallible Remedy for these reigning Disorders, and also Complaints in the Bowels, attended with Purgings, should ever be neglected to be given.

They are as innocent as Milk, and operate in the most gentle, easy Manner, and with a little Perseverance in taking them, will restore Health almost imperceptibly, which is well known to many of the Faculty in the first Practice, as well as the great Numbers who have happily experienced their Efficacy, and found Relief, after all other Means (James's Powders not excepted) had been tried without Success, as may be seen in the

ESSAY on their VIRTUES,

Wherein are Letters and Certificates of some of the great Number of extraordinary Cures they have done;

Which Essay is earnestly recommended to the Perusal of the Public in general, but more especially to those who may be inclined to take these Drops, and have the least Doubt of their sovereign Efficacy.

Mr. Sawier, a Gentleman of Bristol, in a Letter to the Printer, published in the Gazette, in Recommendation of these Drops, after several Years Experience of their surprising Efficacy, declares them "The greatest Medical Blessing the World ever received."

The same Gentleman, in a Letter to Dr. Norris, on the Virtues and Efficacy of these Drops for Fevers, says, that in the Course of more than Seven Years, not one Instance came to his Knowledge of a Patient doing otherwise than well, who made a fair Trial of them.

And in another Letter on the Virtues of these Drops, he writes the Doctor thus: "I must not omit to mention, that, "never-failing as your Drops have proved in Fevers, they are "found equally sovereign in Complaints of the Bowels. The "many Instances I have met with of Persons deplorably bad "in the Bilious Cholic, relieved almost instantly, and cured "in a few Hours, by this Medicine, induce me to make its "Efficacy known as much as possible, for the Sake of Num-"bers who drag on a miserable Life, merely for Want of a "proper Medicine." (See the Essay on their Virtues.)
